About TJC

TJC is one of the largest community colleges in Texas. With over 550 faculty and over 12,000 students enrolled per semester, the College awards more than 2,500 degrees/certificates each year.

98 years of excellence

For 98 years, TJC has embodied the true sense of the term “community college,” as reflected in its core values: unity, caring, integrity, empowerment, and excellence.

Comprehensive academic programs

Offering more than 120 degree and certificate programs, TJC is the best first step for any student, whether they plan to transfer to a four-year institution or gain the skills they need to go directly into the workforce. Its 145-acre main campus immediately immerses students in the TJC experience, which includes rigorous academics, 69 national championships in athletics, stellar fine and performing arts programs, modern residential facilities, and organizations and clubs that reflect student diversity.

TJC focused on student success

As it looks to the future, TJC will continue to expand opportunities for student success and reinforce its role as The College of East Texas.

Introduction and Overview

TJC makes available to you the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act report. TJC Campus Police Department collects and publishes specific information on campus crime statistics, security policies and services. This information is summarized in this document. The Tyler Junior Campus Police department is service-oriented, trained in professional standards and dedicated to the safety and security of our students, employees and visitors. Our primary concern is to protect life and property to allow the educational process to evolve safely. Members of the campus community should call 903-510-2800 and/or 911 to report an emergency or crime.

Campus Procedures for Reporting Crimes or Emergencies

All criminal offenses or Clery Act crimes that occur on campus should be reported immediately to the TJC Campus Police Department. We would encourage witnesses to promptly report all crimes to the campus police and the appropriate department when the victim of the crime elects to or is unable to make such a report. The TJC Campus Police Department is operational 24 hours a day, year-round.

To report an emergency or a criminal incident, call (903) 510-2800 and/or 911. For non-emergencies contact the TJC Campus Police at 903-510-2258, or by going to the Campus Police Building, located at 1019 South Baxter Street. This location is clearly marked on Campus maps. Campus police officers are trained to respond to criminal actions or other emergencies that may occur on campus. Campus police officers are licensed Texas peace officers. Officers are dispatched on a priority basis according to the seriousness of the calls received. Calls of an emergency nature are dispatched immediately. A person reporting a non-emergency incident may expect to experience a short delay. Additionally, Clery Act crimes may be reported to the Coordinator - Student Conduct or a member of the Behavioral Intervention Team for the purpose of making timely warning reports and the annual statistical disclosure.

Fire Alarm

If you hear a FIRE ALARM:

- Turn off electrical equipment
- Close door against fire
- Do NOT use elevators
- Use fire exit stairwell
- CALMLY evacuate to the designated evacuation area away from the affected building

If you discover a FIRE:

- Activate the nearest fire alarm pull station
- Notify Campus Police (903) 510-2800 and/or call 911
- Notify others in your area
- CALMLY evacuate to the designated evacuation area away from the affected building

Bomb Threat

If you receive a BOMB THREAT:

- Elicit as much information as possible
- Calmly notify others in your area
- Notify Campus Police 903-510-2800 and/or dial 911
- Check your immediate area for suspicious objects
- **Do not handle any object found.**
- Calmly evacuate to an open area 300 yards away from the affected building

Medical Emergency

If you experience a MEDICAL EMERGENCY:

- Notify Campus Police (903) 510-2800 and/ or 911 for emergency medical assistance
- An employee should also report the injury to his or her supervisor

Weather Emergency

In the event of a WEATHER EMERGENCY:

- Take cover in designated “safe areas” or under heavy furniture on the ground floor in the center of a building, away from the outside walls and windows
- If outside, take cover and lie flat in the nearest drainage ditch, excavation or ravine
- Avoid auditoriums, lecture halls, laboratories, studios and hazardous chemical storage areas
- The Campus Police department will monitor the reports from the National Weather Service. In a severe weather alert, the City of Tyler sounds sirens to indicate the need for safety measures to be implemented. If the sirens are sounded during normal business hours, Campus Police will activate the Ramey Tower Alarm System (located at Jenkins Hall), which is similar to the wail siren from the City of Tyler. With the activation of this system all persons will need to take cover.
- Under a tornado warning proceed to a designated safe area as indicated. If no safe areas are indicated, proceed to interior hallways, basements or interior walls avoiding windows and open areas. Individuals should remain in these safe areas until notification is given over the campus outdoor warning system, the City of Tyler’s warning system, or by an informed college representative.

Emergency Response and Evacuation

TJC has guidelines in place for general emergency situations that may threaten the safety and security of students, faculty, staff, and visitors on our campuses. Emergency Response and Evacuation procedures are published in the Crisis Management Plan (Emergency Response Guide), the multi-colored flip chart posted in every office and classroom on campus. Rapid and timely communication of information to the campus community and the public during emergency situations is critical. There is a campus crisis management team that will assist the President during an emergency by providing support and care for employees, students, and visitors.

The Emergency Preparedness Group

1. President of the College
2. Vice President of Operations, Chief Operations Officer
3. Executive Cabinet

The Incident Response Team

1. Director of Risk, Safety, and Emergency Management
2. Chief of Police, Police Lieutenant, Police Sgt.
3. Vice President of Operations, Chief Operations Officer
4. Director of Facilities
5. Director of Campus Services
6. Director, Residence Life
7. Marketing and Communications Liaison
8. Chief Information Officer

Leadership Support

1. Dean, Nursing and Health Sciences
2. Dean, Professional and Technical Programs
3. Dean, TJC West & School of Skilled Trades & Continuing Studies
4. Dean, Humanities, Communication and Fine Arts
5. Dean, Engineering, Mathematics and Sciences

Procedures for Testing Emergency Response:

The TJC Police Department, along with the City of Tyler and University of Texas at Tyler, conduct a monthly test of the Emergency Warning Systems. Tests are conducted the first Tuesday of each month at 11:00 am.

Timely Warnings

In accordance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, timely warnings will be issued to the campus community when a crime or attempted crime occurs on campus, or in the immediate area around campus, that represents an ongoing threat to the campus community. These will include all crimes reported to The Campus Police Department, whether directly or indirectly. These alerts will be disseminated by methods described in this annex as well as campus electronic bulletin board postings, physical postings on building bulletin boards inside campus buildings as well as other methods. These alerts will be written, approved, and issued by the Chief of Police or Command Staff designee.

Missing Residential Student Notification

Policy Statement:

It is the policy of TJC to follow approved procedures and guidelines when a residential student is reported or declared missing.

Facts of Interest:

Each resident will be informed regarding the Missing Student Notification procedures upon check-in at their residence hall. Each resident will provide the name and contact number of an individual(s) that should be contacted in case of an emergency. Upon determination that a student is missing, Campus Police and the Provost and Vice President for Academic and Student Affairs will be notified immediately. The individual identified on the Residential Life and Housing Emergency Contact form will be contacted no later than 24 hours after the time the student is determined missing, in accordance with official notification procedures established by the College.

For any resident under the age of 18, who is not emancipated, the institution will notify a custodial parent, guardian, or contact person no later than 24 hours after the time that the resident is determined to be missing by College staff. A student's missing person contact information is considered registered and confidential. When a member of the College community has reason to believe that a student is missing, all possible efforts will be made immediately to locate the student to determine his or her condition.

Procedures:

Once the Provost and Vice President for Academic and Student Affairs has confirmed that a student is missing, the following steps will be taken:

1. Notifies the President of the College and appropriate staff and faculty that a student has been missing for more than 24 hours.
2. Files a missing person report with Campus Police, who in turn notifies Tyler Police Department.
 - a. Campus Police will request a missing person entry be entered in the Texas Law Enforcement Telecommunication System, TLETS, for distribution to other law enforcement agencies.
3. Notifies the person designated as an emergency contact on the Resident Hall Student Information form.
4. If the student is under 18, and not an emancipated individual, the student's custodial or legal guardian is notified.

Security of and Access to College Facilities

Section 51.209 of the Texas Educational Code states, "The governing board of a state institution of higher education or its authorized representatives may refuse to allow persons having no legitimate business to enter on property under the board's control, and may eject any unauthorized person from the property on his refusal to leave peaceably on request. Identification may be required of any person on the property." Members of the college community are required to wear their College issued identification card in accordance with the lanyard policy at all times. The TJC Campus Police officers have been vested with the above authority by the Board of Trustees.

Campus Police personnel routinely check doors, lights and the grounds for defects and unsafe conditions. All safety concerns are directed to the Facilities and Construction department for corrections. In addition, the Safety Committee receives on-campus reports of safety issues discovered in relation to the security of the campus. These issues are brought to the attention of the Director, Risk Management and Emergency Management.

Parking lots and campus buildings are patrolled by Campus Police to ensure the safety of students, employees and visitors. Safety issues such as poor lighting, excessive vegetation and shrubbery growth are reported. Students and employees may also assist by reporting any safety or security hazard. Recommendations are forwarded to the Campus Police and to the Office of Facilities and Construction.

Law Enforcement Authority and Interagency Relations

The TJC Police Department is a state-certified law enforcement agency authorized by the Texas Commission on Law Enforcement. The TJC Police Department is comprised of Police Officers, Public Safety Officers (PSO), Telecommunication Officers, Office Staff and Ambassadors. The TJC Police Department operates twenty-four hours a day, seven days a week year around. The Campus Police Department it is located at 1025 S. Baxter Ave. To serve the campus community, the lobby of the police department is open twenty four hours a day seven days a week.

TJC police officers are certified peace officers under Article 2.12 of the Code of Criminal Procedure, who have passed the Texas Commission on Law Enforcement (TCOLE) licensing examination for police officers, and have been commissioned by the Tyler Junior College Board of Trustees under section 51.203, subchapter E, Chapter 51 of the Education Code. TJC Police officers receive at least 40 hours of in-service training every two years in order to comply with the State of Texas licensing requirements. The primary jurisdiction of the Campus Police Department is the county in which TJC owns or leases property but specifically the five locations of our college or property owned or leased by the College.

The TJC police department also employees Public Safety Officers (PSOs) and Ambassadors who are civilian personnel without police authority. PSOs and Ambassadors are not armed and do not make arrests, but have the authority to issue campus citations when enforcing TJC's polices. All PSOs and Ambassadors enforce the rules and regulations of TJC. The jurisdiction of the PSOs and Ambassadors is limited to the buildings and property owned or controlled by TJC which are located on the main campus and the separate sites.

Campus Police receives its primary support from the City of Tyler Police Department. Additionally, it receives support from the Smith County Sheriff's Department, the Texas Department of Public Safety and the Federal Bureau of Investigation. Campus Police enjoys a good relationship with other local and regional law enforcement and criminal justice agencies. There is a written Inter-Local Agreement in place between the TJC Police Department and the City of Tyler Police Department for campus emergencies and the investigation of serious criminal offenses.

Crime Statistics

The information below provides context for the crime statistics reported as part of compliance with the Clery Act.

The procedures for preparing the annual disclosure of crime statistics include reporting statistics to the TJC community obtained from the following sources: TJC Police Department, the Tyler Police Department, the Lindale Police Department, the Jacksonville Police Department, Rusk Police Department and non-police officials. For statistical purposes, crime statistics reported to any of these sources are recorded in the calendar year the crime was reported. Statistical information is requested and provided to TJC Police Department by the employees at the TJC Counseling Center and Student Health Center, even though they are not required by law to provide statistics for the compliance document. Offenses reported include those brought to and discussed by the college's Behavioral Intervention Team. All of the statistics are gathered, compiled, and reported to the TJC community via this publication. TJC Police Department submits the annual crime statistics published in this document to the Department of Education (ED). The statistical information gathered by the Department of Education is available to the public through the ED website. TJC sends a notification to every enrolled student and current employee on an annual basis. The notification includes a brief summary of the contents of the publication. The notification also includes the address for the Campus Police website where the publication can be found online <http://www.tjc.edu/campuspolice/reports> and information about how to request a hard copy of the document.

Specific Information about Classifying Crime Statistics

The statistics in this document are published in accordance with the standards and guidelines used by the *FBI Uniform Crime Reporting Handbook* and the relevant federal law (the Clery Act). The number of victims involved in a particular incident is indicated in the statistics column for the following crime classifications: Murder/ Non-Negligent Manslaughter, Negligent Manslaughter, Forcible and Non-Forcible Sex Offenses, and Aggravated Assault. For example, if an aggravated assault occurs and there are three victims, this would be counted as three aggravated assaults in the crime statistics chart. The number reflected in the statistics for the following crime categories includes one offense per distinct operation: Robbery, Burglary, Larceny, Vandalism and Arson. For example, if five students are walking across campus together and they are robbed, this would count as one instance of robbery in the crime statistics chart. In cases of Motor Vehicle Theft, each vehicle stolen is counted as a statistic. In cases involving Liquor Law, Drug Law, and Illegal Weapons violations, each person who was arrested is indicated in the arrest statistics. The statistics captured under the "Referred for Disciplinary Action" section for Liquor Law, Drug Law, and Illegal Weapons violations indicate the number of students referred to the Coordinator Student Conduct for disciplinary action for violations of those specific laws. The statistics in the Hate Crime charts are separated by category of prejudice. The numbers for most of the specific crime categories are part of the overall statistics reported for each year. The only exceptions to this are the addition of Simple Assault, Intimidation, and any other crime that involves bodily injury that is not already included in the required reporting categories. If a hate crime occurs where there is an incident involving Intimidation, Vandalism, Larceny, Simple Assault or other bodily injury, the law requires that the statistic be reported as a hate crime even though there is no requirement to report the crime classification in any other area of the compliance document. Note: A hate or bias related crime is not a separate, distinct crime, but is the commission of a criminal offense which was motivated by the offender's bias. For example, a subject assaults a victim, which is a crime. If the facts of the case indicate that the offender was motivated to commit the offense because of his/her bias against the victim's race, sexual orientation, etc., the assault is then also classified as a hate/bias crime.

In March 2013, President Obama signed the Violence Against Women Reauthorization Act of 2013 (VAWA). Among other provisions it amended the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act). Notably, VAWA amended the Clery Act to require institutions to compile statistics for incidents of domestic violence, dating violence, sexual assault, and stalking and to including certain policies, procedures, and programs pertaining to these incidents in their annual security reports.

Statistics for "Residential Facilities" are also counted in the "On-Campus" crime category. The law requires institutions to break out the number of "On-Campus" crimes that occur in residential facilities. Statistics under the heading of "Disciplinary Action" include those individuals referred to the Coordinator - Student Conduct for disciplinary action. The numbers include incidents that are reported via Campus Police incident reports, reports provided directly to the Coordinator - Student Conduct, and from other members of the TJC community.

Referrals include the number of people referred for disciplinary action and found responsible for violating those specific laws.

Monitoring and Reporting of Criminal Activity Off-Campus

Local law enforcement agencies may notify the Campus Police about criminal activity which occurs off campus and involving TJC students; however, there are no official policies in place requiring that local law enforcement agencies do so. Students in these cases are subject to arrest by the local law enforcement agencies, and these cases may be forwarded to the Coordinator - Student Conduct for review. There are no off-campus locations for student organizations recognized by TJC.

Security Awareness Programs Policy Statement

Inspections of campus facilities by supervisory personnel of the Facilities and Construction department are made regularly so repairs affecting safety and security can be made. An electronic security fire alarm system is monitored by Campus Police as well as video cameras located in various areas of the campus.

Crime Prevention Programs

Campus Police place a high priority on crime prevention. While it is impossible to prevent all crimes, Campus Police believe that persons can be made aware of ways to reduce their chances of becoming victims.

Campus Police provide the following information and programs:

- Crime Prevention Materials and Presentations: These are available at the Campus Police Office upon request.
- Texas Crime Victim's Compensation Act: Information is available at the Campus Police Office and is given to anyone who is a victim of a violent crime or a relative of a victim of a violent crime.
- External Awareness: Crime prevention statistics and information are distributed through the Campus Police web-site, campus newspaper, bulletin boards, and annual reports.
- Security Surveys: Performed regularly to assure that the physical elements that contribute to crime are reduced, i.e., doors are locked, vegetation is under control and internal and external lighting is appropriate..
- Safe Walk: If a student, employee, or visitor feels unsafe on campus, Campus Police provides an escort anywhere on campus.
- Registering Personal Belongings: The TJC Police Department recommends the US National Property Register to help reduce crime and reunite faculty, staff, and students with lost and or stolen property, including cell phones, laptops, tablets, bicycles and many other types of valuables. Faculty, staff, and students may visit <https://www.immobilize.net/> to register your items for free.

Crime Prevention on Campus

If a crime is to be committed, the offender must have the desire, ability and opportunity to commit the crime. Law enforcement can do little to remove the offender's desire and ability to commit crimes, but together WE can remove the element of opportunity. THIS IS CRIME PREVENTION. Together we can remove the temptation of opportunity by taking a few simple precautions.

Protect Your Property:

1. Lock your residence every time you leave, even for a short time. This includes your motor vehicle.
2. Do not leave valuables lying out in the open or in unlocked vehicles.
3. Engrave your driver's license number on all valuable property.
4. Record the serial numbers and brand names of all property of value.

Protect Your Self:

1. Lock your doors when you take a nap or retire for the evening. Do not block open entry doors to residence halls after hours.
2. Require identification before admitting someone unfamiliar into your residence or your vehicle.

3. Avoid walking alone at night, if possible, and stay on lighted routes.
4. Report suspicious persons or circumstances. This could stop a crime before it happens.
5. You may offer confidential assistance and information to Campus Police.

Crime prevention is important to the campus community, and you can help by reporting any crime or suspected crime to your Campus Police immediately. By doing so, you may be preventing someone from becoming a victim of a serious crime.

Sex Offenses

TJC is committed to maintaining an environment free from all exploitation and intimidation based on sex. We are committed to providing an institutional environment where all persons may pursue their studies, careers, duties, and activities in an atmosphere free of threat of unwelcome and unwanted sexual actions. TJC will not tolerate sexual assault or sexual harassment in any form.

It is the policy of TJC that sexual assault, including rape and other offenses, is a violation of the Board Policy Manual, the Student Code of Conduct, and the Texas Penal code.

TJC provides various programming to promote sexual assault awareness and prevention throughout the year. Specific emphasis is given during Apache (freshman) Orientation and Residential Life Hall meetings. Selected faculty and staff members and community experts give presentations and provide resources upon request. Informational pamphlets are provided upon request through Campus Police, at the Visitor Information Center and at the Counseling Center.

If the allegations are against an employee, Campus Police, the Human Resources Department and the Title IX Coordinator will conduct a concurrent investigation. If the subject of the inquiry is suspended without pay or dismissed as a result of the investigation, those actions will be in accordance with procedures outlined in the Board Policy Manual. However, any disciplinary action decided upon will not preclude the continuance or subsequent outcome of the Campus Police investigation, including the filing of criminal charges against the subject unless directed to do otherwise by the complainant and/or the District Attorney's office. Parties to any sex-related offense (forcible and non-forcible) are entitled to and will be given results of any disciplinary actions taken.

Any sex-related offense (forcible or non-forcible) alleged to have been committed by a student will be investigated by Campus Police. Campus Police Officers will investigate and take action on violations of federal, state, and local laws. Campus Police will assist when requested with violations of the Student Code of Conduct anywhere on campus. Campus Police will refer their actions and reports to the Coordinator, Student Conduct. The Coordinator, Student Conduct will be notified and kept informed of the progress in the investigation. Possible sanctions against a student found guilty of sexual assault through on-campus proceedings include expulsion, suspension, and probation. Students whose presence poses a continuing danger to persons or property or an ongoing threat of disruption to the academic process may be immediately removed from the College with loss of all college privileges. The accuser and the accused perpetrator are entitled to have an adviser or advocate present during campus disciplinary proceedings. Parties to any sex-related offense (forcible and non-forcible) are entitled to and will be given results of any disciplinary actions taken.

Complaints of sex-related offenses (forcible or non-forcible) committed while on TJC property by persons other than students or employees will be investigated by Campus Police and arrests made and charges filed according to law.

In those instances where sexual assault is alleged, the victim is strongly encouraged to report the incident to a law enforcement agency. A sexual assault victim may seek on-campus assistance by contacting Campus Police weekdays 903-510-2258, nights and weekends 903-510-2800; or by visiting the Campus Police Office at 1019 S. Baxter; or by contacting the TJC Counseling Office located in the Rogers Student Center weekdays (903) 510-2389. To file an emergency sexual assault report off-campus call the City of Tyler Police Department at 911 or

(903) 531-1000; or the East Texas Crisis Center at (903) 509-2526. Upon request by the victim of a sexual assault, College personnel will assist in notifying these authorities. Victims can avail themselves of various professional referral programs located on campus and off campus. Other private organizations can be identified upon request. Students should refer to the Student Handbook for more information. Employees should refer to the Board Policy Manual for further details. A comprehensive list of agencies that provide counseling, mental health, or other social services are published in the Student Handbook.

Reporting an assault does not mean that the victim must press charges or take the case to criminal trial or a college disciplinary hearing. If you prefer anonymity, Campus Police can report the crime under a pseudonym and the crime will be prosecuted without revealing your name. Even if a victim has not decided whether to press charges, calling the police and going to the hospital will allow for his/her emotional or medical needs to be cared for and will preserve the option of the victim to press charges.

Should an assault occur off-campus, call the local law enforcement authorities as soon as possible. If the assault occurs on campus, contact Campus Police as soon as possible. If an assault occurs, don't change clothes or bathe. All physical evidence, including seminal fluids, hair, blood types, and scrapings of flesh from the victim's nails may be used in court.

After reporting a sexual assault, a victim has the option for, and may request assistance in, changing academic, living conditions, or employment situations. A student victim may request assistance from Campus Police, Coordinator Student Conduct, Title IX Coordinator or Residential Life. If the victim is a faculty or staff member, assistance may be obtained from Campus Police, the Executive Director of Human Resources, and the appropriate supervisor. Accommodations will be made only if so requested by the victim, and only if such changes are reasonably available.

Counseling and referral information for survivors of sexual assault is available on campus through the Counseling Center and off-campus through the East Texas Crisis Center.

Registered Sex Offender Policy

In accordance with the Campus Sex Crimes Prevention Act of 2000, which amends the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act, the Jeanne Clery Act and the Family Educational Rights and Privacy Act of 1974, the College is providing a link to the Texas State Sex Offender Registry. Law enforcement agency information provided by the State regarding Registered Sexual Offenders may be obtained by accessing the sexual offender database maintained by the Texas Department of Public Safety. The Texas Department of Public Safety's website is: <http://www.txdps.state.tx.us/>

All sex offenders are required to register in the state of Texas and to provide notice of each institution of higher education in Texas at which the person is employed, carries out a vocation, or is a student. In addition to the above notice to the State of Texas, all sex offenders are required to deliver written notice of their status as a sex offender to the College's Campus Police no later than three (3) business days prior to their enrollment in, employment with, volunteering at, or residence in the College. Such notification may be disseminated by the College to, and for the safety and well-being of, the College community, and may be considered by the College for enrollment and discipline purposes

Title IX

TJC gives equal consideration to all applicants for admission, employment and participation in its programs and activities without regard to race, creed, color, national origin, religion, gender, age, marital status, disability, veteran status or limited English proficiency (LEP). TJC respects the legal rights of each person to work and learn in an environment that is free from unlawful sexual discrimination including sexual harassment and sexual violence.

What is Title IX?

Title IX of the Education Amendments of 1972 (20 U.S.C. § 1681) is an all-encompassing federal law that prohibits discrimination based on the gender of students and employees of educational institutions which receive federal financial assistance.

"No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance..." 20 U.S.C. § 1681

Under Title IX, discrimination on the basis of sex can include sexual harassment, rape, and sexual assault. A college or university that receives federal funds may be held legally responsible when it knows about and ignores sexual harassment or assault in its programs or activities. The institution can be held responsible in court whether the harassment is committed by a faculty member, staff or student.

Who is Covered by Title IX?

Educational institutions that receive federal financial assistance are covered by Title IX. If only one of the institution's programs or activities receives federal funding, all of the programs within the institution must comply with Title IX regulations. In compliance with Title IX, TJC prohibits discrimination in employment as well as in all programs and activities on the basis of sex.

Who to Contact:

Any person (student, faculty, staff, or guest) who believes that discriminatory practices have been engaged in based upon gender may discuss their concerns and file informal or formal complaints of possible violations of Title IX with the following Title IX Coordinators:

Failure to Comply with Title IX:

The penalty for failure to comply with Title IX in the most extreme circumstances can include the termination of all or part of an institution's federal funding. This includes grants, subsidies, and other program funds from the federal government. In addition to the loss of federal funds, universities and colleges may be sued by those seeking redress for violations of Title IX. It is essential that institutions receiving federal financial assistance operate in a nondiscriminatory manner. To ensure the College's compliance with the law, adherence to Title IX regulations is everyone's responsibility.

Who Enforces Title IX?

The United States Department of Education's Office for Civil Rights (OCR) is in charge of enforcing Title IX. Information regarding OCR can be found at www.ed.gov/about/offices/list/ocr/index.html.

TJC Student Code of Conduct prohibits sexually violent acts, termed "Sexual Misconduct," which can be crimes as well. Sexual misconduct includes non-consensual sexual intercourse, non-consensual sexual contact, sexual exploitation, interpersonal/relationship violence, sex/gender-based stalking, and sexual harassment. While TJC utilizes different standards and definitions than the Texas Penal Code, sexual misconduct often overlaps with the crimes of rape, sexual assault, sexual harassment, stalking, dating violence, and domestic violence. Victims of these behaviors are protected by federal laws, specifically Title IX www.tjc.edu/TitleIX, and the Clery Act, which mandates the contents of this report.

It is the policy of TJC to notify campus law enforcement when sexual misconduct occurs, typically without providing identifying information about the incident, unless a victim wishes that information to be shared, or an emergency requires disclosure. Victims have the option to notify law enforcement directly, or to be assisted in doing so by campus authorities. If requested, campus officials can facilitate reporting to campus or local law enforcement, but may also respect a victim's request not to do so.

In an effort to reduce the risk of sexual misconduct as well as the crimes of rape, sexual assault, sexual harassment, stalking, dating violence, and domestic violence occurring among its students, the College utilizes a range of

campaigns, strategies, and initiatives to promote awareness, educational, risk reduction, and prevention programming.

It is the policy of the College to offer programming to identify and prevent domestic violence, dating violence, sexual assault (including stranger and known offender assaults), and stalking each year. Educational programs are offered to raise awareness for all incoming students and employees, and are often conducted during new student and new employee orientation and throughout an incoming student's first semester. Programs and other campaigns offered throughout the year to all students and employees include strong messages regarding not just awareness, but also primary prevention (including normative messaging, environmental management, and bystander intervention), and discuss institutional policies on sexual misconduct as well as the State of Texas definitions of domestic violence, dating violence, sexual assault, stalking, and consent in reference to sexual activity. Programs also offer information on risk reduction that strives to empower victims, how to recognize warning signals and how to avoid potential attacks, and do so without victim-blaming approaches. Programs are informed by evidence-based research and/or are assessed for their effectiveness.

Bystander engagement is encouraged through safe and positive intervention techniques and by empowering third-party intervention and prevention such as calling for help, using intervention-based apps, identifying allies, and/or creating distractions. Bystander empowerment training highlights the need for those who intervene to ensure their own safety in the intervention techniques they choose, and motivates them to intervene as stakeholders in the safety of the community when others might choose to be bystanders.

In the event that sexual misconduct, gender-based violence, or the crimes of sexual assault, stalking, dating violence, or domestic violence do occur, the College takes the matter very seriously. The College employs interim protection measures such as interim suspensions and/or no contact orders in any case where a student's behavior represents a risk of violence, threat, pattern or predation. If a student is accused of sexual misconduct, other gender-based violence, or the crimes of rape, sexual assault, sexual harassment, stalking, dating violence, or domestic violence, s/he is subject to action in accordance with the Student Code of Conduct. A student wishing to officially report such an incident may do so by contacting Campus Police weekdays 903 510-2258, nights and weekends 903 510-2800; or by visiting the Campus Police office at 1019 S. Baxter; or by contacting the TJC Counseling Office located in the Rogers Student Center weekdays 903 510-2401 or 903 510-2878. To file an emergency sexual assault report off-campus, call the City of Tyler Police Department at 911 or 903 531-1000; or the East Texas Crisis Center at 903 509-2526. Upon request by the victim of the sexual assault, College personnel will assist in notifying these authorities. Anyone with knowledge about sexual misconduct, gender-based violence, or the crimes of rape, sexual assault, sexual harassment, stalking, dating violence, or domestic violence is encouraged to report it immediately. Protective measures for victims are available from the campus whether a victim chooses to report to local and/or campus law enforcement, and irrespective of whether a victim pursues a formal complaint through the College resolution process.

If you are the victim of sexual misconduct, gender-based violence, or the crimes of rape, acquaintance rape, sexual assault, sexual harassment, stalking, dating violence, or domestic violence, some or all of these safety suggestions may guide you after an incident has occurred:

1. Go to a safe place and speak with someone you trust. Tell this person what happened. If there is any immediate danger, call 911. (*updated September, 2018*)
2. Consider securing immediate professional support (e.g., counseling, victim advocacy, medical services, etc.) to assist you in the crisis.
3. If you are on campus during regular business hours, you may go to the College counseling center on the third floor at Rogers Student Center for counseling services, as well as to the Coordinator, Student Conduct on the second floor of Rogers Student Center, phone 903 533-5434 for support and guidance. These are both confidential resources. After regular business hours, or in any situation where a victim wishes, local resources are also available and may be able to provide confidential assistance from the East Texas Crisis Center 2401 Old Noonday Rd, phone 903 509-2526.
 - For your safety and well-being, immediate medical attention is encouraged. Further, being examined as soon as possible, ideally within 120 hours, is important in the case of rape or sexual assault. The hospital will arrange for a specific medical examination at no charge. To preserve evidence, it is recommended that you do not bathe, shower, douche, eat, drink, smoke, brush your teeth, urinate, defecate, or change clothes before receiving medical attention. Even if you have already taken any of these actions, you are still encouraged to have prompt medical care, and evidence may still be recoverable.
 - Typically, if police are involved or will be involved, they will obtain evidence from the scene, and it is best to leave things undisturbed until their arrival. They will gather bedding, linens or unlaundered clothing, and any other pertinent articles that may be used for evidence. It is best to allow police to secure items in evidence containers, but if you are involved in transmission of items of evidence, such as to the hospital, secure them in a clean **paper** bag or clean sheet to avoid contamination.
 - If you have physical injuries, photograph or have them photographed, with a date stamp on the photo.
 - Record the names of any witnesses and their contact information. This information may be helpful as proof of a crime, to obtain an order of protection, or to offer proof of a campus policy violation.
 - Try to memorize details (e.g., physical description, names, license plate number, car description, etc.), or even better, write notes to remind you of details, if you have time and the ability to do so.
 - If you obtain external orders of protection (e.g., restraining orders, injunctions, protection from abuse), please notify Campus Police or the campus Title IX Coordinator so that those orders can be observed on campus.
5. Even after the immediate crisis has passed, consider seeking support from the TJC Counseling Services, Rogers Student Center third floor, the TJC Coordinator Student Conduct, Rogers Student Center second floor, phone 903 533-5434, and/or the East Texas Crisis Center 2401 Old Noonday Rd, phone 903 509-2526.
6. Contact the Coordinator - Student Conduct, located on the second floor of Rogers Student Center (phone 903 533-5434) if you need assistance with College-related concerns, such as no-contact orders or other protective measures. The Title IX Coordinator, located on the second floor of the White Administrative Services Center, (phone 903 510-3155) will also assist in any needed advocacy for students who wish to obtain protective or restraining orders from local authorities. The College is able to offer reasonable academic supports, changes to living arrangements, transportation resources or modifications, escorts, no contact orders, counseling services access, and other supports and resources as needed by a victim. The College is able to offer information about legal assistance, visa/immigration assistance, and student financial aid considerations for victims.

Legal Definitions

Rape is generally defined by states as forced sexual intercourse. It may also include situations where the victim is incapable of giving consent due to incapacitation by means of disability or alcohol or other drugs. Many rapes are committed by someone the victim knows, such as a date or friend.

Under Texas Penal Code 22.011, Sexual Assault is defined as sexual intercourse against the will of the victim that can occur under a variety of circumstances, including:

- Where the victim is prevented from resisting due to alcohol or drugs.
- Where the assailant uses physical force or the threat of force to overpower and control the victim.
- Where the victim fears that s/he or another will be injured if the victim does not submit.
- Where the victim is at the time unconscious of the nature of the act, and this is known to the assailant.
- Where the victim is incapable of giving legal consent due to a mental disorder or developmental or physical disability, and this is known or reasonably should be known to the assailant.
- Where the act is accomplished by threatening to use the authority of a public official to incarcerate, arrest, or deport the victim or another person.
- Where the assailant uses duress, such as a direct or implied threat of hardship or retribution, to coerce the victim.
- Where the assailant uses force, fear, or threats to accomplish sexual intercourse against the will of the spouse. This provision of the law is known as the “spousal rape law.”

The complete Texas rape and sexual assault offense definitions are found in Texas Penal Code section 22.011. A person commits an offense if the person:

1. Intentionally and knowingly
 - a. Causes the penetration of the anus or sexual organ of another person by any means, without that person’s consent
 - b. Causes the penetration of the mouth of another person by sexual organ of the actor, without that person’s consent; or
 - c. Causes the sexual organ of another person, without that person’s consent to contact or penetrate the mouth, anus, or sexual organ of another person, including the actor...

A sexual assault is without consent of the other person if:

1. The actor compels the other person to submit or participate by the use of physical force or violence;
2. The actor compels the other person to submit or participate by threatening to use force or violence against the other person, and the other person believes that the actor has present ability to execute the threat.
3. The other person has not consented and the actor knows that the other person is unconscious or physically unable to resist
4. The actor knows that as a result of mental disease or defect the other person is at the time of the sexual assault incapable either of appraising the nature of the act or of resisting it.
5. The other person has not consented and the actor knows that the other person is unaware that the sexual assault is occurring
6. The actor has intentionally impaired the other person’s power to appraise or control the person’s conduct by administering any substance without the other person’s knowledge.

Other Sexual Offenses

Other sexual offenses include the following: sodomy (forced anal intercourse); oral copulation (forced oral-genital contact); rape by a foreign object (forced penetration by a foreign object, including a finger); and sexual battery (the unwanted touching of an intimate part of another person for the purpose of sexual arousal).

The TJC Code of Conduct #22 under Prohibited Non-Academic Conduct, published in the Student Handbook contains the college policies defining prohibited sexual conduct.

22. Conduct that threatens or endangers the health or safety of self or others, including, but not limited to:
 - a. Acts such as physical abuse, verbal abuse, threats, intimidation, harassment, and/or coercion.
 - b. Intentional or reckless conduct which endangers the health or safety of self or others.
 - c. Behavior that disrupts the normal operation of the College, including its students, faculty and/or staff.
 - d. Obstruction or disruption of teaching, administration, or other College activities.
 - e. Racial discrimination.
 - f. Sexual discrimination.
 - g. Excessive pressure, threats or any form of conduct, coercive tactics or unwanted mental coercion techniques used to retain or recruit a student for membership in an organization

Sexual Harassment

Sexual harassment is a form of misconduct that undermines the integrity of the academic environment. It is the policy of the College that sexual harassment is prohibited. All members of the College community, especially officers, faculty, and other individuals who exercise supervisory authority, have an obligation to promote an environment that is free of sexual harassment. Sexual harassment is defined and prohibited under the Prohibited Non-Academic Conduct of the TJC Code of Conduct #23, published in the Student Handbook.

23. Sexual Harassment including but not limited to:
 - a. Unwelcome sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature that expressly or implicitly imposes conditions upon, threatens, interferes with, or creates an intimidating, hostile, or demeaning environment for an individual's academic pursuits, College employment, participation in activities sponsored by the College or groups related to the College, or opportunities to benefit from other aspects of College life.
 - b. Sexual assault is the oral, anal, or vaginal penetration by a sexual organ of another or anal/vaginal penetration by any means against the victim's will or without his/her consent. An individual who is mentally incapacitated, unconscious, or unaware that the sexual assault is occurring is considered unable to give consent. The type of force employed may involve physical force, coercion, intentional impairment of an individual's ability to appraise the situation through the administering of any substance, or threat of harm to the victim.
 - c. Attempting or making sexual contact, including but not limited to inappropriate touching or fondling, against the person's will, or in circumstances where the person is physically, mentally or legally unable to give consent.

Any complaints or inquiries regarding sexual harassment of a student by an officer, faculty member, or staff member should be brought to the immediate attention of Campus Police and/or Manage Employee Relation and Title IX Coordinator Jacqueline Lozano, 903-510-3155. Any complaints or inquiries regarding sexual harassment of a student by another student should be brought to the immediate attention of Campus Police, Manage Employee Relation and Title IX Coordinator Jacqueline Lozano, 903-510-3155. The College will investigate such claims promptly and thoroughly. If, for any reason, a student wishes to complain or inquire regarding sexual harassment, but feels it would not be appropriate to raise such issues with the Title IX Coordinator, the student may inquire or complain to any Department Chair or any officer of the College at the level of Assistant Vice President or above, and such inquiries or complaints will receive a prompt and thorough investigation. If harassment is established, the

College will discipline the offender. Disciplinary action for violations of this policy can range from verbal or written warnings, up to and including immediate termination from employment or dismissal from the College for serious or repeated violations.

Campus Procedures

FOR ADDRESSING SEXUAL MISCONDUCT, DATING VIOLENCE, DOMESTIC VIOLENCE, STALKING, SEXUAL HARASSMENT, AND OTHER ACTS OF SEX AND GENDER DISCRIMINATION

The Texas Family Code, Section 71.0021 defines “Dating Violence” as an act, other than a defensive measure to protect oneself, by an actor that:

1. Is committed against a victim
 - A. With whom the actor has or has had a dating relationship; or
 - B. Because of the victim’s marriage to or dating relationship with an individual with whom the actor is or has been in a dating relationship or marriage; and
2. Is intended to result in physical harm, bodily injury, assault, or sexual assault or that is a threat that reasonably places the victim in fear of imminent physical harm, bodily injury, assault, or sexual assault.

The Texas Family Code, Section 71.004 defines “Family Violence” as

An act by a member of a family or household against another member of the family or household that is intended to result in physical harm, bodily injury, assault, or sexual assault or that is a threat that reasonably places the member in fear of imminent physical harm, bodily injury, assault, or sexual assault, but does not include defensive measures to protect oneself.

The Texas Penal Code, Section 42.072 defines “Stalking” as

- (a) A person commits an offense if the person on more than one occasion and pursuant to the same scheme or course of conduct that is directed specifically at another person, knowingly engages in conduct that:
 1. Constitutes an offense of Harassment (as defined in Section 42.07) or that the actor knows or reasonably should know the other person will regard as threatening:
 - A. bodily injury or death for the other person
 - B. bodily injury or death for a member of the other person’s family or household or for an individual with whom the other person has a dating relationship; or
 - C. that an offense will be committed against the other person’s property.
 2. Causes the other person, a member of the other person’s family or household, or an individual with whom the other person has a dating relationship to be placed in fear of bodily injury or death or in fear that an offense will be committed against the other person’s property, or to feel harassed, annoyed, alarmed, abused, tormented, embarrassed, or offended; and
 3. Would cause a reasonable person to:
 - a. Fear bodily injury or death for himself or herself
 - b. Fear bodily injury or death for a member of the person’s family or household or for an individual with whom the person has a dating relationship
 - c. Fear that an offense will be committed against the person’s property; or
 - d. Feel harassed, annoyed, alarmed, abused, tormented, embarrassed, or offended.

For offenses including sexual misconduct or other gender-based violence, which typically include the crimes of domestic violence, dating violence, sexual harassment, sexual misconduct, and stalking, sanctions range from warning to expulsion. Serious and violent incidents and acts of non-consensual sexual intercourse (the policy equivalent to the crime of rape) usually result in suspension, expulsion, or termination of employment. Lying to investigators (and/or failing to participate in an investigation) can result in additional consequences under the Code of Student Conduct. The Student Handbook may be found on-line at www.tjc.edu/studenthandbook

Procedurally, when the College receives a report of sexual misconduct, gender-based violence, or other sex or

gender discrimination, the campus Title IX Coordinator is notified. If the victim wishes to access local community agencies and/or law enforcement for support, the College will assist the victim in making these contacts. The Title IX Coordinator will offer assistance to victims in the form of interim or long-term measures such as opportunities for academic accommodations; changes in housing for the victim or the responding student; visa and immigration assistance; changes in working situations; and other assistance as may be appropriate and available on campus or in the community (such as no contact orders, campus escorts, transportation assistance, targeted interventions, etc.). If the victim so desires, that individual will be connected with a counselor on- or off-campus, as well as an on- or off-campus victim's advocate. No victim is required to take advantage of these services and resources, but the College provides them in the hopes of offering help and support without condition or qualification. A summary of rights, options, supports, and procedures, in the form of this document, is provided to all victims, whether they are students, employees, guests, or visitors.

When appropriate upon receipt of notice, the Title IX Coordinator will cause a prompt, fair, and impartial process to be initiated, commencing with an investigation, which may lead to the imposition of sanctions based upon a preponderance of evidence (what is more likely than not), upon a responding student or other accused individual. Procedures detailing the investigation and resolution processes of the College can be found online here: www.tjc.edu/TitleIX. The Title IX Coordinator is ultimately responsible for assuring in all cases that the behavior is brought to an end, the College acts to reasonably prevent its recurrence, and the effects on the victim and the community are remedied. The Title IX Coordinator is also responsible for assuring that training is conducted annually for all advocates, investigators, hearing officers, panelists, and appeals officers that encompass a hearing process that protects the safety of victims and promotes accountability. Training will focus on sexual misconduct, domestic violence, dating violence, sexual assault, stalking, sexual harassment, retaliation, and other behaviors that can be forms of sex or gender discrimination covered by Title IX and Clery Act. Training will help those decision-makers in the process of protecting the safety of victims and promoting accountability for those who commit offenses.

The investigation and records of the resolution conducted by the College are maintained confidentially. Information is shared internally between administrators who need to know, but a tight circle is kept. Where information must be shared to permit the investigation to move forward, the person bringing the accusation will be informed. Privacy of the records specific to the investigation is maintained in accordance with Texas law and the federal FERPA statute. Any public release of information needed to comply with the open crime logs or timely warning provisions of the Clery Act will not include the names of victim or information that could easily lead to a victim's identification. Additionally, the College maintains privacy in relation to any accommodations or protective measures afforded to a victim, except to the extent necessary to provide the accommodations and/or protective measures. Typically, if faculty members or administrators are asked to provide accommodations for a specific student, they are told that such accommodations are necessary under Title IX or the Clery Act, but they are not given any details of the incident, or what kind of incident it is. Irrespective of state law or public records access provisions, information about victims is maintained privately in accordance with Title IX and FERPA.

In any complaint of sexual misconduct, sexual assault, stalking, dating violence, domestic violence, or other sex or gender-based discrimination covered under the federal law, Title IX, the person bringing the accusation and the responding party are entitled to the same opportunities for a support person of their choice throughout and to fully participate in the process, including any meeting, conference, hearing, appeal, or other procedural action. The role of advisors is described in detail here www.tjc.edu/TitleIX. Once complete, the parties will be informed, in writing, of the outcome, including the finding, the sanctions (if any), and the rationale therefor. Delivery of this outcome to the parties will occur without undue delay between notifications. All parties will be informed of the College's appeal processes, and their rights to exercise a request for appeal. Should any change in outcome occur prior to finalization, all parties will be timely informed in writing, and will be notified when the results of the resolution process become final.

Both Title IX and the Clery Act provide protections for whistleblowers who bring allegations of non-compliance with the Clery Act and/or Title IX to the attention of appropriate campus administrators. The College does not

retaliate against those who raise concerns of non-compliance. Any concerns should be brought to the immediate attention of the campus Manage Employee Relation and Title IX Coordinator Jacqueline Lozano, 903-510-3155 and/or to officials of the U.S. Department of Education.

Reporting of statistics under the Clery Act uses federal offenses definitions that allow comparability across campuses, regardless of the state in which the campus is located. These definitions are as follows:

Sex Offenses: Any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent.

- A. *Fondling* – The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.
- B. *Incest* – Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

Statutory Rape: Sexual intercourse with a person who is under the statutory age of consent.

Dating Violence: Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim.

- A. The existence of such a relationship shall be determined based on the reporting party's statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.
- B. For the purposes of this definition:
 - 1) Dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.
 - 2) Dating violence does not include acts covered under the definition of domestic violence.
- C. For the purposes of complying with the requirements of this section and § 668.41, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

Domestic Violence: A felony or misdemeanor crime of violence committed:

- A. By a current or former spouse or intimate partner of the victim;
- B. By a person with whom the victim shares a child in common;
- C. By a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner;
- D. By a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; or
- E. By any other person against an adult or youth victim who is protected

Stalking: Engaging in a course of conduct directed at a specific person that would cause a reasonable person to:

- A. Fear for the person's safety or the safety of others; or
- B. Suffer substantial emotional distress.
- C. For the purposes of this definition, *course of conduct* means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property.

Health Risks of Alcohol and Drugs

Alcohol. Alcohol consumption causes a number of marked changes in behavior. Even low amounts significantly impair the judgment and coordination required to driving a car safely. Low to moderate doses of alcohol also increases the incidence of a variety of aggressive acts. Moderate to high levels of alcohol cause marked impairments in higher mental functions, severely altering a person's ability to learn and remember information. Very high levels cause respiratory depression and death. If combined with other depressants of the central nervous system, much lower levels of alcohol use can lead to dependence on alcohol. Sudden cessation of alcohol intake is likely to produce withdrawal symptoms, including severe anxiety, tremors, hallucination, and convulsions. Alcohol withdrawal can be life threatening. Long term consumption of large quantities of alcohol can lead to permanent damage to vital organs such as the brain and the liver. Prolonged alcohol abuse causes bleeding from the intestinal tract, damage to nerves and the brain, psychotic behavior, loss of memory and coordination, damage to the liver often resulting in cirrhosis, impotence, severe inflammation of the pancreas, and damage to the bone marrow, heart, testes, ovaries, and muscles. Damage to the nerves and organs are usually irreversible. Cancer is the second leading cause of death in alcoholics and is 10 times more frequent than in non-alcoholics. Females who drink during pregnancy may give birth to infants with fetal alcohol syndrome. These infants have irreversible physical abnormalities and mental retardation. In addition, research indicates that children of alcoholic parents are at a greater risk than other children of becoming alcoholics.

Tobacco (Nicotine). The smoking of tobacco products is the chief avoidable cause of death in our society. Smokers are more likely than nonsmokers to contract heart disease. Some 30 percent of cancer deaths are linked to smoking. Chronic obstructive lung diseases such as emphysema and chronic bronchitis are 10 times more likely to occur among smokers than among nonsmokers. Smoking during pregnancy poses serious risk such as spontaneous abortion, pre-term birth, low birth weights, and fetal and infant deaths. Because nicotine is highly addictive, addicts find it very difficult to stop smoking. Fewer than 20 percent of typical smokers succeed in stopping on the first try.

Designer Drugs. Illegal drugs are defined in terms of their chemical formulas. To circumvent these legal restrictions, underground chemists modify the molecular structure of certain illegal drugs to produce analogs known as designer drugs. These drugs can be several hundred times stronger than the drugs they are designed to imitate. Many of the so-called designer drugs are related to amphetamines (MDMA, X, speed). Bootleg manufacture creates overdose and contamination risks. These substances can produce severe neurochemical damage to the brain. The narcotic analogs (fentanyl, china white) can cause symptoms such as those seen in Parkinson's disease: uncontrollable tremors, drooling, impaired speech, paralysis, and irreversible brain damage. Analogs of amphetamines and methamphetamines cause nausea, blurred vision, chills or sweating, and faintness. Psychological effects include anxiety, depression and paranoia. As little as one dose can cause brain damage. The analogs of phencyclidine cause illusions, hallucinations, and impaired perception.

Cocaine. Cocaine stimulates the central nervous system. The use of cocaine can cause death by cardiac arrest or respiratory failure. Its immediate effects include dilated pupils and elevated blood pressure, heart rate, respiratory rate, and body temperature. Occasional use can cause a stuffy or runny nose, while chronic use can ulcerate the mucous membrane of the nose. Injecting cocaine with contaminated equipment can increase the risk of AIDS, hepatitis, and other diseases. Cocaine can produce psychological and physical dependency, a feeling that the user cannot function without the drug. In addition, tolerance develops rapidly. Crack or freebase rock is extremely addictive, and its effects are felt within ten seconds. The physical effects include dilated pupils, increases pulse rate, elevated blood pressure, insomnia, loss of appetite, tactile hallucinations, paranoia, and seizures.

Other Stimulants. Stimulants can cause increased heart and respiratory rates, elevated blood pressure, dilated pupils, and decreased appetite. In addition, users may experience sweating, headaches, blurred vision, dizziness sleeplessness, and anxiety. Extremely high doses can cause a rapid or irregular heartbeat, tremors, loss of coordination, and even physical collapse. An amphetamine injection creates a sudden increase in blood pressure that can result in stroke, very high fever, or heart failure. In addition to the physical effects, users report feeling restless, anxious and moody. Higher doses intensify the effects. Persons who use large amounts of

amphetamines over a long period of time can develop an amphetamine psychosis that includes hallucinations, delusions and paranoia.

Anabolic Steroids. Anabolic steroids are a group of powerful compounds closely related to the male sex hormone testosterone. Steroid users subject themselves to more than 70 side effects ranging in severity from liver cancer to acne, as well as psychological as well as physical reactions. The liver and cardiovascular and reproductive systems are most seriously affected by steroid use. In males, use can cause withered testicles, sterility, and impotence. In females, irreversible masculine traits can develop along with breast reduction and sterility. Psychological effects include very aggressive behavior known as “road rage” and depression. While some side effects appear quickly, others, such as heart attacks and strokes, may not show up for years.

Hallucinogens or Psychedelics. Lysergic Acid (LSD), mescaline, peyote, and phencyclidine (PCP or “angel dust”) cause illusions and hallucinations, and their use impairs and distorts one’s perception of surrounding, causes bizarre mood changes and results in visual hallucinations that involve geometric forms, colors, and persons or objects. The physical effects may include dilated pupils, elevated body temperatures, increased heart rate and blood pressure, loss of appetite, sleeplessness, and tremors. It is common to have bad psychological reactions to LSD, mescaline, and psilocybin. The user may experience panic, persistent memory problems and speech difficulties. Users who discontinue use experience “flashback” consisting of distortions of virtually any sensation for long periods after discontinued use. Mood disorders, such as depression, anxiety and violent behavior, also occur. In later stages of chronic use, users often exhibit paranoid and violent behavior. Large doses may produce convulsions and coma, as well as heart and lung failure. Withdrawal may require psychiatric treatment for the accompanying persistent psychotic states. Suicide is not uncommon.

Solvent Inhalants, e.g. glue, lacquers, plastic cement. The immediate negative effects of inhalants include nausea, sneezing, coughing, nosebleeds, fatigue, lack of coordination, and loss of appetite. Solvents and aerosol sprays also decrease the heart and respiratory rates and impair judgment. Amyl and butyl nitrite cause rapid pulse, headaches, and involuntary passing of urine and feces. Long term use may result in hepatitis or brain damage. Deeply inhaling the vapors, or using large amounts over a short time, may result in disorientation, violent behavior, unconsciousness, or death. High concentrations of inhalants can cause suffocation by displacing the oxygen in the lungs or by depressing the central nervous system to the point that breathing stops. Long term use can cause weight loss, fatigue, electrolyte imbalance, and muscle fatigue. Repeating sniffing of concentrated vapors over time can permanently damage the nervous system. Fumes from these substances cause problems similar to alcohol. Incidents of hallucinations and permanent brain damage are more frequent.

Marijuana (Cannabis). All forms of cannabis have negative physical and mental effects. Use of cannabis may impair or reduce short-term memory and comprehension, alter sense of time and reduce ability to perform tasks requiring concentration and coordination, such as driving a car. Research also shows that students do not retain knowledge when they are “high”. Motivation and cognition may be altered, making the acquisition of new information difficult. Marijuana can also produce paranoia and psychosis. Because users often inhale the unfiltered smoke deeply and then hold it in their lungs as long as possible, marijuana is damaging to the lungs and pulmonary system. Marijuana smoke contains more cancer-causing agents than tobacco smoke. Long term users of cannabis may develop psychological dependence and require more of the drug to get the same effect. The drug can become the center of their lives.

Narcotics. Narcotics initially produce a feeling of euphoria that often is followed by drowsiness, nausea, and vomiting. Users may experience constricted pupils, watery eyes, and itching. An overdose may produce slow and shallow breathing, clammy skin, convulsions, coma, and possible death. Tolerance to narcotics develops rapidly and dependence is likely. The use of contaminated syringes may increase the risk of such diseases as AIDS, endocarditis, and hepatitis. Addiction in pregnant women can lead to premature, stillborn, or addicted infants who experience severe withdrawal symptoms.

Campus Penalties

Students. The Campus will impose a minimum disciplinary penalty of suspension for a specified period of time or suspension of rights and privileges, or both, for conduct related to the use, possession or distribution of drugs that are prohibited by state, federal, or local law. Other penalties that may be imposed for conduct related to the unlawful use, possession, or distribution of drugs or alcohol include disciplinary probation, payment for damage to or misappropriation of property, suspension of rights and privileges, suspension for a specified period of time, expulsion, or such other penalty as may be deemed appropriate under the circumstances.

Employees. The unlawful use, possession, or distribution of drugs or alcohol will result in a disciplinary penalty of disciplinary probation, demotion, suspension without pay, or termination, depending upon the circumstances.

Available Drug Counseling or Rehabilitation Services

Campus Services, Students. Several campus offices provide print and video materials upon request to interested students. This information includes the characteristics and types of drugs/symptoms of drug abuse, dysfunctional family systems and other topics. Offices where this information is available include the Center for Student Life and Involvement office, TJC Counseling Office all located in the Rogers Student Center. Information is available at the on-campus health clinic located in the Rogers Nursing and Health Science Center. Additional reference materials on the subject of alcohol and drug abuse are available in the Vaughn Learning Resources Center.

Education, assessment, intervention and referral services are available through the TJC counseling office. Classes and workshops may be presented to student groups on signs of addiction and abuse among college students, types and characteristics of drugs, and other topics as requested. Assessment services are provided without charge for students interested in determining the level of their use/abuse and what appropriate actions would be indicated to reduce their risk or emotional, legal or health-related consequences from continued use. Intervention and referral services are available in connection with community resources for students needing specialized assistance with their own or another's substance abuse problems.

Employees. The TJC group health insurance program provides for treatment of drug and alcohol abuse for all benefits eligible employees. Human Resources Department will provide assistance to employees seeking treatment for drug or alcohol abuse.

Community Services. Several sources of assistance are available in the local community for students and others experiencing problems associated with their use or abuse of alcohol or other drugs. In some cases, assistance is free or nominal, but the student must determine the cost involved for themselves. If requested, the College will assist a student through a formal referral to sources listed below or other sources which may be available. Specific sources of assistance include:

TJC Police Department Crime Statistics

TJC makes available to you the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. The Tyler Junior Campus Police Department collects and reports campus crime statistics. These statistics reflect offenses that have been reported to Campus Police, the City of Tyler Police Department, Lindale Police Department, Jacksonville Police Department, and Rusk State Hospital Security as well as from individuals responsible for reporting Clery reportable incidents.

A “good faith effort” was made to obtain all crime statistics from appropriate agencies and departments in compiling this report.

Annual Fire Safety Report

All fires should be reported to the Campus Police Department and 911. To report fires to the Campus Police call 903 510-2800. Fire alarms should be sounded in areas where they are available. Buildings should be evacuated immediately for large uncontrolled fires or heavy smoke. All doors should be closed after building is evacuated. Once outside the building, individuals should proceed to safe areas at least 200 feet from the building, with care taken not to block passageways and roadways so accessibility can be maintained for rescue personnel. Employees and students should not return to the building until appropriate authorities at the scene declare an all-safe condition. In the event of injuries, Campus Police will render first aid and call for Emergency Medical Service (EMS) assistance.
